

Pallet changer PW 800.

Manual pallet changer with / without motorized side walls

For hygienic reasons, wooden pallets are forbidden in the pharmaceutical and food processing industry. This is why these industries require pallet change between receipt and production and between production and shipping. And, in order to reduce this work to the minimum, we have been offering for many years our well-proven pallet changer PW 800.

TECHNICAL FEATURES:

- Transferred load up to 1000 kg.
- Suitable for up to 30 pallet changes per hour
- Equipment out of normal steel, product-contacted parts out of stainless steel
- Control cabinet with integrated operator panel
- Connected power 3 x 400/230V, 50 Hz 16A

YOUR CUSTOMER ADVANTAGES AT A GLANCE

- Suitable for the pharmaceutical industry
- Modern design, compact, space-saving
- Automatic pallet positioning aid (optional)
- Proven hundredfold
- Special versions on request
